Hi Alan.

Thanks for contacting me this morning. And I'm sorry that you caught me at a bad moment. It has been a difficult day for folks here in the office.

I thought further about your inquiry and discussed it with Sara Hisel-McCoy earlier today. We would like to assist you in finding an EPA facility where to host the meeting and participate at the meeting; however, we are unable to allocate funds to the meeting at this time.

I will ask Lars Wilcut to please help you locate and reserve a meeting room. Thank you Alan, and I appreciated hearing from you this morning. It is always nice to hear from you.

Grace

Hi Grace,

It was good talking to you this morning. I appreciate your taking a few minutes the time under the difficult circumstances.

You can reach me at 410-827-9293 (H) and 301-996-8586 (C).

I look forward to working with you and your staff on the ammonia criteria implementation effort and appreciate any help you can give to expedite the initial stakeholders meeting. We also have talked to Kathryn Gallagher and her staff who are supportive of this initial effort, but understandably feel SHPD should be in the lead for implementation matters.

Best regards, Alan
